

TECHNICAL SHEET

| CLEANING TABLETS FOR ESPRESSO MACHINES | KP020 |
|---|---|
| <p>PRODUCT DESCRIPTION: Cleaning tablets suitable for all espresso machines (professional, super-automatic, and semi-automatic models, including filter and capsule machines). Ensures easy and thorough cleaning of the parts that come into contact with coffee during the brewing process. Product intended for professional use.</p> |  |
| USE | |
| <p>For the super-automatic coffee machine: 1. Insert a cleaning tablet into the machine and follow the cleaning instructions in the user manual.</p> <p>For the espresso machine: 2. Insert the blind filter into the portafilter, add a tablet, and insert the portafilter into the brew group. 3. Start the brew cycle for about 10 seconds, pause for 10 seconds, and repeat the process 5 times. 4. Remove the filter basket. Run a rinse cycle and rinse with the hot water coming out of the brew group. 5. Insert the filter basket into the brew group and repeat the steps in point 2, without detergent. 6. Resume brewing coffee, discarding the first two cups.</p> | |
