

## TECHNICAL SHEET

<b>WATER BOTTLE TABS</b>		<b>BT2.0</b>
<p><b>PRODUCT DESCRIPTION:</b></p> <p>WATER BOTTLE TABS is a product specifically designed for cleaning and sanitizing metal, glass, plastic, and ceramic water bottles. Thanks to its special formula, it effortlessly removes stains, buildup, and residue while eliminating unpleasant odors without damaging surfaces. Chlorine-free, non-abrasive, and non-toxic, it leaves no residue after proper rinsing that could affect the container or the liquid it subsequently holds.</p>		
<b>USE</b>		
<p><b>Directions for use:</b></p> <p>Fill the item to be cleaned—such as a water bottle, bottle, porcelain container, or thermos—preferably with hot water to improve and speed up the cleaning process. Then add one or more tablets, depending on the amount of dirt, and let it sit for at least 30 minutes. Empty the item and rinse thoroughly with clean water. For stubborn stains, increase the number of tablets or extend the treatment time, even overnight.</p>		
<b>CHEMICAL PROPERTIES</b>		
<p>EC Reg. 648/2004 Composition: &lt; 5% phosphonates, anionic surfactants, enzymes. Between 15% and 30% oxygen-based bleaching agents.</p>		
<b>LABELING AND SAFETY</b>		
  	<p>Causes serious eye damage. Causes skin irritation. Contains: POTASSIUM PEROXODISULFATE. May cause an allergic reaction. Do not swallow the tablet or the cleaning solution, and do not use as a mouthwash. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If medical advice is needed, have the product container or label at hand. Keep out of reach of children. Dispose of the product and container in accordance with applicable regulations. Wear protective gloves.</p>
